SKILLS

Languages: C++, Python, Java, HTML, CSS, JavaScript
Tools/Platforms: Excel, Power BI, Git, GitHub, MS SQL Server, Postman
Soft Skills: Problem-Solving, Team Player, Adaptability

PROJECTS

CRUD Application using Spring Boot | *Java, Spring Boot, Spring Data JPA, REST API, GitHub* | [GitHub](#) Jan–Feb 2026

- Developed a RESTful CRUD application using Spring Boot, following MVC architecture, enabling efficient data management and modular scalability.
- Integrated Spring Data JPA with a relational database for efficient data persistence and management.
- Designed and tested REST APIs (GET, POST, PUT, DELETE) using Postman.
- Managed dependencies with Maven and implemented clean, modular code for scalability and maintainability.

Predictive Analysis – Hair Fall Prediction | *Python, Pandas, NumPy, Scikit-learn, Matplotlib* | [GitHub](#) Oct–Nov 2025

- Built a machine learning model to predict hair fall risk using structured data.
- Performed data preprocessing, exploratory data analysis (EDA), model training, and evaluation.
- Applied machine learning techniques using Python libraries to derive actionable insights.

Entertainment-Engine | *HTML, CSS, Web Development, REST APIs, Git & GitHub* | [GitHub](#) Sep–Dec 2025

- Developed *Entertainment-Engine* — an interactive web application with dynamic user engagement features.
- Built responsive user interfaces using HTML, CSS, and JavaScript to deliver seamless interaction.
- Integrated core application functionality by implementing front-end behaviour and logical components.
- Optimized UI/UX elements to ensure cross-device compatibility and smooth navigation.

TRAINING

Full Stack MERN Training – Allsoft Solutions (IBM Partner) June–July 2025

- Completed 6-week industry-oriented training in Full Stack Web Development.
- Built responsive web applications using React.js, Node.js, Express.js, and MongoDB.
- Designed and consumed RESTful APIs for frontend-backend communication.
- Implemented CRUD operations and database integration with MongoDB.
- Worked on authentication, routing, and state management and followed best practices in version control using Git & GitHub.
- Final Project: Developed a Joke Generator Web Application with dynamic API data.

CERTIFICATES

Volunteer in Smart India Hackathon Lovely Professional University	Dec 2025
Build Generative Ai apps and Solution With no -code Tools Infosys	Sep 2025
NO Sql and DBaaS 101 IBM	Aug 2025
Software Engineering: Implementation and Testing Coursera	April 2024
Certified in Electrothon 6.0 NIT Hamirpur	March 2024

EDUCATION

Lovely Professional University	Phagwara, Punjab
Bachelor of Technology	Aug 2023 – Present
Computer Science and Engineering; CGPA: 7.35	

Kamla Nehru Public School	Phagwara, Punjab
Intermediate	Mar 2022 – May 2023
PCM; Percentage: 72.6	

Kamla Nehru Public School	Phagwara, Punjab
Matriculation	Mar 2020 – May 2022
Percentage: 88.9
